1. This is the time, moment, and who can **see what I'm saying, declaring, day after time ends for all peoples not, but for one, one's one'd**? I love you.

2. Into me see, be; being, seeing; seeing being not but first step, surrender to see. Believe that thou art not transported but transported being. I love/all you, am you all.

3. Surrender, surrendering, surrenderer one leads all, reveals all, leading in superstition not but meekness supreme that supreme's all into their maximum potential, me being me/them, them me, and who can qualify? All who surrender. Surrendering, bringing about worlds cataclysmic and who can see the real reality that real is? Not afraid of me. That's who can. Not who will. They must choose. Each choice has and must exercise, choosing me or not me. They are/have become their choice. Their choice belies not their existence.

4. Who can see who comes/arrives, and unannounced not; announces many others, coming in glorified glory, not; but obtaining/attaining, dying in to. I love you all/now and always.

5. I am me-a-fied, not; me'd meship that worlds cannot conquer, but conquering worlds in/with meekness leads surrender multiple manifold worlds apart/far from here/where you are-thought, thinking you are so such and such.

6. You my friend-lover, see the/me reality, reality-a-fied. Fields not sinking in but going through many to find me who want me, ready for me are. Wanting more nonsense not; but freed reality, reality freed, becoming their freedomer not; father, one being. I love you all. Redeeming redeemers and redeemership becoming the most popular not; **populace** rejects not in summary judgment but begins to see the most astounding miracles-thought that kingdom one reality consists of, and who goes/goeth there/therein? All who surrender; wanting not, except for me reality, reality through me.

7. See what I have said/just said, and enumerated with grace, articulating for all who ever want me. See me, through me. Not elsewise. Amen.

8. I am the now. I am freed. We are freed/free. Freedom reigning in/through, giving, providing, taking to many world'd apart.

9. See what I keep saying, imaging not illusory, imagined, or mirror'd, but really throughfrom my heart, **the reality of your brethren many who I now take you to,**

**through worlds unknown, unseen, many and moreso, more through reality than reality ever imagined not; for reality is endless and imaginary not but infinity'd, me'd; my infinity, yours given you, you me, only in me/surrender.**

10. I ensconce/encase no one. Encapsulate no one ever. I no-shadow am/do all who want me truly, sincerely, kindnessing my all who come into me for kindness/healing, and provide my all'salve that heals, nurtures; bestows rings and capers not; one ring, mine. Caper not; one cape not; one robe, seamless; mine wearing/being. I love you all.

11. I am the first/last and the last shall be first not; first and what does/can that mean?

12. Come into me ye all that are heavy laden and let me give you me, my kingdom all. You are it/in it. And seamless you shall be in surrender.
